

Introducing GoGoMeds for Greenstone Generics

Frequently Asked Questions

Q1: What is GoGoMeds?

A1: GoGoMeds is an online pharmacy Pfizer has arranged to be considered a CVS Caremark network pharmacy for Greenstone generic medications.

GoGoMeds has a custom website for Pfizer colleagues: pfizer.gogomeds.com. After you register on the website (using Employer Key 61550 and your member ID from your CVS Caremark ID card), you will access a portal that allows you to order a 30-day or a 90-day supply of select Greenstone authorized generic medications at negotiated prices.

Q2: Who is Greenstone?

A2: Greenstone is part of Viatris, which was created when Upjohn – a former Pfizer business – combined with Mylan. Greenstone manufactures authorized generics for many of the Upjohn off-patent brand medications, including Celebrex, Lipitor, Lyrica, Norvasc and others.

Q3: What are Greenstone authorized generics?

A3: Greenstone authorized generics are

- FDA-approved medications that are made by the manufacturer of the original brand-name medication but do not use the brand name on the label
- Usually the same size, shape, and color as the brand name
- Often made in the same facilities as the brand-name products

Q4: What's the difference between an authorized generic and a generic?

A4: Authorized generics are the same as the brand-name medication in all aspects, except that the brand name is not used on the label.

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

Generics are copies of the branded medication and are similar to the brand-name medication. There are certain minor differences from the brand medication, including different inactive ingredients.

Review the following chart, which highlights the key differences between authorized generics and generics.

Characteristic	Authorized Generics	Generics
Often made by brand-name manufacturer	✓	—
Active ingredients	✓	✓
Inactive ingredients	✓	—
How it's taken	✓	✓
Conditions of use	✓	✓
Strength and dosage	✓	✓
Shape and size	✓	—
Color	✓	—

Key: ✓ Same as brand ✓ Difference in color in limited circumstances — Permissible differences

Visit [FDA.gov](https://www.fda.gov) for more information about authorized generics and how they compare to generic medications.

Q: Why provide access to Greenstone authorized generics?

A: We've received feedback that Pfizer colleagues would like to have access to the Greenstone authorized generics of the Upjohn brand medications. Without preferred access to Greenstone authorized generics, those who have switched from an Upjohn brand

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

medication would typically receive the generic and not the authorized generic.

Q: Why is Pfizer offering access to Greenstone authorized generics through GoGoMeds?

A: Not all pharmacies dispense authorized generic medications or specifically stock the Greenstone authorized generics. GoGoMeds, however, *does* dispense Greenstone authorized generic medications.

Therefore, we are offering access to Greenstone authorized generics at negotiated prices by adding GoGoMeds as a network pharmacy. This will help support colleagues and their covered family members who were previously taking the branded, off-patent medications manufactured by Upjohn (now Viatris).

Please note: GoGoMeds will be a network pharmacy only for filling prescriptions for Greenstone authorized generic medications.

Q. How much will I pay for a 30-day supply or a 90-day supply of Greenstone authorized generics?

A. You will pay:

- For a **30-day** supply: the lesser of **\$15** or the actual cost of the medication
- For a **90-day** supply: the lesser of **\$30** or the actual cost of the medication

These costs will count toward your prescription drug plan out-of-pocket maximum. Once you reach your out-of-pocket maximum, you will pay \$0 for these medications.

Other quantities, such as a 60-day supply, are not available.

Note: If you order a medication which is considered preventive by the Affordable Care Act (ACA), such as a low dose statin (e.g.,

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

10mg atorvastatin), you may see an initial cost for the medication but, after the claim processes by the Pfizer Medical Plan, you will not be charged by GoGoMeds, as applicable.

Q: Is there a cost for shipping?

A: Regular shipping is included at no additional cost. If you select expedited shipping, you will be responsible for that full cost.

Q: Are all U.S. colleagues eligible to order Greenstone authorized generics through this website?

A: U.S. Pfizer colleagues and their covered dependents who are enrolled in a U.S. Pfizer medical option are eligible to use the pfizer.gogomeds.com website.

Q: Is this part of my prescription drug coverage under the U.S. Pfizer Medical Plan?

A: Yes. When you fill your medication through pfizer.gogomeds.com, your benefit will be processed the same as any other prescription filled at a CVS Caremark network pharmacy:

- You will be responsible for paying the applicable cost.
- Your out-of-pocket costs will count toward your Pfizer prescription drug annual out-of-pocket maximum.
- Your medication will be reviewed for
 - Interactions with other medications
 - Any quantity limits or prior authorization requirements that may apply.
- You may receive a call from GoGoMeds to discuss potential clinical concerns such as interactions with other medications or medical conditions or any other questions they have about your order.

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

GoGoMeds will mail your order and charge your credit card, as applicable, *after* the claim is submitted to and processed by CVS Caremark.

Refer to the “How do I get started?” FAQ below for more details.

Q: Can I order medications on behalf of my covered spouse/domestic partner and/or covered dependent children?

A: Yes, you can order Greenstone generic medications for a covered dependent under age 18. If your covered dependent is age 18 and older, they will need to set up their own account with GoGoMeds.

Note: Your covered dependents will have the same Caremark member ID as you.

Q: How do I know which brand the Greenstone authorized generic medication is for?

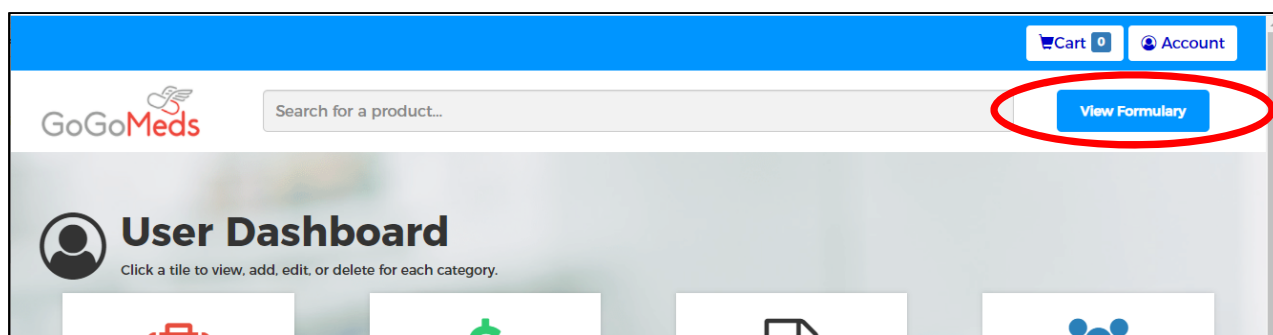

A: Greenstone authorized generics are available for the Upjohn brand medications listed below:

Upjohn brand	Greenstone generic
Caduet	Amlodipine Besylate and Atorvastatin Calcium Tablets
Cardura	Doxazosin Mesylate Tablets
Celebrex	Celecoxib Capsules
Detrol LA	Tolterodine Tartrate Capsules Extended Release
Dilantin	Phenytoin Sodium Extended Cap
Effexor XR	Venlafaxine Hydrochloride
Geodon	Ziprasidone Hydrochloride Capsules
Inspira	Eplerenone Tab
Lipitor	Atorvastatin Calcium Tablets
Lyrica	Pregabalin Capsules
Neurontin	Gabapentin Capsules
Nitrostat	Nitroglycerin Sublingual Tablets, USP

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

Norvasc	Amlodipine Besylate Tablets
Relpax	Eletriptan Hydrobromide Tablets
Revatio	Sildenafil for Oral Suspension
Viagra	Sildenafil Citrate Tablets
Xalatan/ Xalacom	Latanoprost Ophthalmic Solution 0.005%
Xanax	Alprazolam Tablets, USP CIV

To find out if the Greenstone generic of your Upjohn brand medication is available, click the “View Formulary” button next to the search field at the top of each page on the GoGoMeds website.

Q: Can I get the brand medications through this GoGoMeds website?

A: No. Brand medications are not dispensed through the pfizer.gogomeds.com website.

Q: Can I get non-Greenstone generic medications through the GoGoMeds website for Pfizer colleagues?

A: No. You can only fill your prescriptions for Greenstone authorized generics through the pfizer.gogomeds.com website.

If you are interested in moving other non-specialty prescriptions to mail order to save time and money, consider switching to CVS Caremark’s Maintenance Choice Program. Through the Maintenance Choice Program, whether you use a CVS Pharmacy or the CVS Caremark Mail Service Pharmacy, you’ll get preferred

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

pricing, and your cost will not exceed the coinsurance or copayment for a 60-day supply, as applicable.

For more information about Maintenance Choice, talk to a pharmacist at a CVS Pharmacy, or contact CVS Caremark at 1-866-804-5881 or caremark.com. Representatives are available 24 hours a day, 7 days a week. For more information, you may also review the [Understanding Your Prescription Costs and Options Tip Sheet](#).

If you order medications through the GoGoMeds public website, you will be using GoGoMeds as an out-of-network pharmacy. If you use an out-of-network pharmacy, the price of the medication may be higher than the same medication at a network pharmacy.

You will have to pay the full cost of the prescription at the pharmacy at the time of your purchase, even for Pfizer medications, and then submit a claim to CVS Caremark for reimbursement. You will be reimbursed the plan's share of the cost for your medication, as applicable based on your Pfizer medical option. You may need to pay all or part of the cost, even for Pfizer medications and, if the cost is over the CVS Caremark contracted rate, the additional cost will not be applied to your Pfizer annual out-of-pocket maximum.

Q. I already have a GoGoMeds account. Can I use my same logon credentials to take advantage of the negotiated pricing for Greenstone authorized generics?

A: No. You will need to create a new account using a different email address to order Greenstone authorized generics from the pfizer.gogomeds.com website.

Q: Do I need to get a new prescription to order Greenstone authorized generics from the pfizer.gogomeds.com website?

A: Yes. You can transfer your prescription from your current pharmacy or get a new prescription from your provider. GoGoMeds will

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

contact your doctor on your behalf, or your doctor may send a new prescription to GoGoMeds via:

- E-Scribe: GoGoMeds
- Phone: 1-855-719-4751
Representatives are available Monday-Friday
9 a.m.-7 p.m. ET and Saturday 9 a.m.-1 p.m. ET
- Fax: 1-888-978-7947

Q: Will I be able to set up my prescription to be auto-refilled?

A: Yes, except for controlled substances such as triazolam, the generic of Halcion, which cannot be refilled automatically.

Q: Can I pick up my medications from GoGoMeds?

A: GoGoMeds is an online pharmacy. You may request to have your medication shipped to most U.S. locations. Certain restrictions may apply if you are filling a prescription for a medication that is classified as a controlled substance.

Introducing GoGoMeds for Greenstone Generics Frequently Asked Questions

Q: How do I get started?

A: Go to pfizer.gogomeds.com and provide your email and create a password. When you create your account, you will need to include the Employer key (61550), and you will need your Member ID number from your CVS Caremark ID card.

Click the “Sign up” button.

The screenshot displays the Pfizer GoGoMeds website interface. On the left, a 'Sign In' section includes fields for 'Email' and 'Password', a 'Sign in' button, and a 'Forgot Password?' link. Below this is a reminder about Pfizer prescription drug coverage. A red circle highlights the 'Don't have an account?' link and the 'Sign up' button. On the right, a banner features the Pfizer and GoGoMeds logos. Below the banner, a 'Who we are' section lists two bullet points: 'GoGoMeds is an online pharmacy licensed and accredited in all 50 states' and 'This portal will allow U.S. Pfizer colleagues and their covered dependents enrolled in a U.S. Pfizer medical option to order Greenstone authorized generic medications at negotiated prices.' At the bottom right, a 'How it Works' section shows a five-step process: 1. Sign up for an account on this page; 2. Search for your Greenstone Generic medications and add them to your cart; 3. Checkout! You will be prompted during checkout for your personal, payment and Rx information; 4. Your Rx is received by GoGoMeds and Coverage and payment is confirmed; 5. Your order is shipped to you!

You will go to a page that will provide you with information on the medication you selected.

- Select either a 30-day supply or a 90-day supply.
- Provide the total quantity you were prescribed for that day's supply. For instance, if you take 2 pills a day, you would enter 60 for a 30-day supply. If you have questions about the quantity to select, call GoGoMeds directly.
- To verify the estimated price, click “Check Price”.

The screenshot shows the GoGoMeds website interface. At the top, there is a blue header with a 'Cart' icon showing 0 items and an 'Account' link. Below the header, the GoGoMeds logo is on the left, and a search bar with the placeholder text 'Search for a product...' is in the center. To the right of the search bar is a blue button labeled 'View Formulary'. The main content area is divided into two columns. The left column features the product name 'Atorvastatin 20mg Tablet - Greenstone Authorized Generic (Tablet)'. Below this, there are two radio button options for 'How many days supply do you need?': '30 Days' and '90 Days'. The '90 Days' option is selected. Below these options is a text input field for 'What total quantity were you prescribed for 90 days?' with the number '90' entered. A large red arrow points to a blue button labeled 'Check Price' with a checkmark icon. The right column features the Greenstone logo and a section titled 'To see the price for this prescription:' with three steps: 1. Select 30 or 90 Day supply, 2. Enter number of pills needed for the days supply you selected, and 3. Click check price. To the right of this section is a promotional banner for 'Get FREE shipping!' with a truck icon and text stating 'Order with GoGoMeds and your prescriptions will be shipped to your location for free!'.

Remember: your actual cost may be adjusted after your order is processed, e.g., if you reach your out-of-pocket maximum, if you order an ACA preventive medication, or select expedited shipping.

The next page will show you the price for your medication. Click the “Add to Cart” button to add the medication to your Cart.

You will also receive an email confirmation from GoGoMeds.

The screenshot shows an email confirmation from GoGoMeds. It starts with 'Dear Ann Smith,' followed by a paragraph explaining that the order has been placed but prices could change during verification. It lists the order details: 'A - 20mg, 90 TABLETS - GREENSTONE' for \$24.50. It also provides contact information for GoGoMeds (Phone: (888) 795-5826, Fax: (888) 978-7947) and mentions that the prescription is listed as 'GoGoMeds' in the physician's e-prescribing software. A table shows the order breakdown: 'Standard with Tracking' (\$0.00), 'Sales tax' (\$0.00), and 'Total Order' (\$24.50). It then lists the shipping address: 'Ann Smith, 123 Main St, Anywhere, NJ 08807, United States'. A message states: 'Once your order is processed, we will email additional details. GoGoMeds will not charge your card until the order is processed.' It also provides contact information for any order questions (Phone: (855)-719-4751, Email: pfizer@gogomeds.com). The email ends with 'Thank you for choosing GoGoMeds!'. At the bottom, there's a footer with the GoGoMeds logo and address: '525 Alexandria Pike, Suite 100, Southgate KY 41071, United States, pfizer@gogomeds.com'.

Dear Ann Smith,

Thanks for your GoGoMeds order. We quoted the order below, but the prices could change if the medication, strength or quantity do not match your prescription(s) during the verification process. We will let you know if the prices are higher before we process the order. For security, we will only list the first letter of your product followed by the form, dosage and quantity. We will process your order when we have received and/or verified your prescription(s). As indicated on the order, we have been informed to expect the prescription(s) by the method(s) listed below.
