

Pfizer HSA Preventive Drug List for 2025

All medications and vaccines considered **preventive by the Affordable Care Act (ACA)** are covered at 100% with no copay. Examples of these medications include fluoride treatments, smoking-cessation treatments, oral contraceptives, colonoscopy prep medications, and low-dose generic statins, as well as certain over-the-counter products indicated for specific age and risk factors.

The following includes medications considered preventive under Pfizer's high deductible health plans: **HSA Copay** (offered under the Pfizer Medical Plan) and **HSA-Eligible PPO** (offered under the Pfizer Retiree Medical Plan). This means these medications are not subject to the respective plan options' annual deductible.

For those enrolled in the HSA Copay option, if there are Pfizer medications with no generic available (as noted by *), the medications may be covered at 100% with no cost.

For those enrolled in the HSA-Eligible PPO option, all Pfizer medications including those with no generic available are covered at the same cost sharing as non-Pfizer medications.

QUESTIONS

-For HSA Copay participants: call CVS Caremark® at **1-866-804-5881**, 24 hours a day, 7 days a week.

-For HSA-Eligible PPO participants: call SilverScript at **1-844-774-2273**, 24 hours a day, 7 days a week.
