## Welcome to Pfizer Benefits Advantage

Pfizer Benefits Advantage provides access to discounted rates for voluntary benefits including supplemental health insurance coverage (Accident, Critical Illness and Hospital Indemnity Insurance), Auto and Home Insurance, Child Care, Fitness, Identity Protection, Legal Services, Banking and Mortgage Lending, and Pet Insurance as well as a Vision Savings Program.\* Signing up is easy and, for most products, you can enjoy making payments through payroll deduction.

### Supplemental Medical—Additional Coverage to Consider for 2022

Pfizer has enhanced the supplemental health insurance coverage available, including:

- Lower rates for Accident Insurance
- Improved Critical Illness Insurance coverage and lower rates (with no pre-existing limitation)
- New Hospital Indemnity Insurance coverage

Payments from these benefits are non-taxable and can be used at your discretion but are often used to pay for out-of-pocket medical costs, such as annual deductible and coinsurance or for other expenses that are generally not covered by health insurance while you are ill, such as additional caregiving expenses.

\* The Legal and supplemental health insurance coverages are subject to annual enrollment terms (see chart on page 3 of this guide for a quick summary). The Vision Savings and Banking and Mortgage Lending programs are offered at no cost and provide discounts on products and services.

## Why Is It So Important?

Accidents can happen when you least expect them. And while you can't always prevent them, you can get help to make your recovery less expensive and stressful.

In the U.S., there are approximately 29.4 million trips to the emergency room annually due to injuries<sup>1</sup>. These visits can be expensive — in fact, ER bills average around \$2,032 per visit<sup>2</sup>, and even seemingly small injuries can come with unexpectedly high hospital bills.

You may be thinking — that's why I have health insurance. But even the best medical plans may leave you with unexpected expenses like deductibles, copays, extra costs for out-of-network care, and non-covered services. You can't plan for accidents, but you can be financially prepared.

## How It Works

Accident insurance provides a financial support for life's unexpected events. You can use it on anything you want, such as to help pay costs that aren't covered by your medical plan. It provides you with a lump-sum payment for a covered event — one convenient payment all at once — when you or your family need it most. The extra cash can help you focus on getting back on track, without worrying about finding the money to help cover unexpected expenses, like the costs of treatment.

And best of all, the payment is made directly to you, and is made regardless of any other insurance you may have.

## Our accident insurance is designed to cover a wide array of events, medical services, and treatments.<sup>3</sup>

This plan provides a lump-sum payment for over 150 different covered events, such as:

- Fractures<sup>4</sup>
- Dislocations<sup>4</sup>
- Second and third degree burns
- Skin grafts
- Torn knee cartilage
- Ruptured disc
- Concussions
- Cuts/lacerations
- Eye injuries
- Coma
- Broken teeth

You'll receive a lump-sum payment when you have these covered medical services or treatments:<sup>5</sup>

- Ambulance
- Emergency care
- Inpatient surgery
- Outpatient surgery
- Medical testing benefits (including X-rays, MRIs, CT scans)
- Physician follow-up visits
- Transportation
- Home modifications
- Therapy services (inc: physical, occupational and speech therapy)

METLIFE'S ACCIDENT INSURANCE IS A LIMITED BENEFIT GROUP INSURANCE POLICY. The policy is not intended to be a substitute for medical coverage and certain states may require the insured to have medical coverage to enroll for the coverage. The policy or its provisions may vary or be unavailable in some states. There is a preexisting condition limitation for hospital sickness benefits, if applicable. MetLife's Accident Insurance may be subject to benefit reductions that begin at age 65. And, like most group accident and health insurance policies, policies offered by MetLife may contain certain exclusions, limitations and terms for keeping them in force. For complete details of coverage and availability, please refer to the group policy form GPN12-AX or contact MetLife. Benefits are underwritten by Metropolitan Life Insurance Company, New York, New York.

## Why Is It So Important?

Medical bills have contributed to 58% of bankruptcies.<sup>1</sup> In 2020, one in four working-age adults with insurance coverage reported medical bill problems or debt in the past year.<sup>2</sup>

The financial consequences of surviving a critical illness are something few people are prepared for. Expenses that may not be covered by medical plans, such as co-pays, deductibles, childcare, mortgage, groceries and experimental treatments, could cut into your savings.

When critical illness affects your family, you'll have the support you need when it matters most with MetLife Critical Illness Insurance.

## How It Works

Critical illness insurance is coverage that can help safeguard your finances by providing you with a lump-sum payment — one convenient payment all at once — when you or your loved ones need it most. The extra cash can help you focus on getting back on track without worrying about finding the money to cover the costs of treatment.

And best of all, the payment is made directly to you, and is in addition to any other insurance you may have. It's yours to spend however you like, including for everyday living expenses.

While recovering, critical illness insurance is there to make life a little easier.

## Critical illness insurance helps you manage expenses so you can focus on getting well.

As long as you or your loved one meets the policy and certificate requirements, the following medical conditions are covered:<sup>3</sup>

- Cancer<sup>4</sup>
- Heart attack<sup>5</sup>
- Coma
- Stroke<sup>6</sup>
- Major organ transplant<sup>7</sup>
- Coronary artery bypass graft<sup>8</sup>
- Severe burns
- Kidney failure
- Benign brain tumor
- 4 childhood diseases
- 9 infectious diseases
- 11 progressive diseases

## Why Is It So Important?

Hospital<sup>1</sup> stays can be pricey and are often unexpected. Since most healthcare plans don't cover all expenses, taking steps to help protect yourself can make a big difference. Studies show that the average cost of a three-day hospital stay in the U.S. is \$30,000.<sup>2</sup> This is why having hospital indemnity insurance makes good financial sense.

While in the hospital, it's likely you'll need various treatments, tests and therapies to get up and about again. These services can result in out-of-pocket costs beyond what your medical plan may cover — in addition to deductibles, copays and expenses as well as possible additional costs for out-of-network care.

## How It Works

Hospital indemnity insurance is coverage that can help safeguard your finances by providing you with a lump-sum payment — one payment all at once — when you or your loved ones need it most. The extra cash can help you focus on getting back on track without worrying about finding the money to cover the costs of treatment. A flat amount is usually paid for a hospital admission and a per-day amount for each day of your hospital stay.

And best of all, the payment is made directly to you, and is in addition to any other insurance you may have. It's yours to spend however you like, including for everyday living expenses.

## If you or a loved one is admitted to the hospital, this insurance helps cover the costs of care.

This plan provides benefits for hospitalization due to accidents and sicknesses,<sup>3</sup> like:

- Admission<sup>4</sup> to a hospital
- Hospital stays
- Admission to an intensive care unit
- Intensive care unit stays
- Inpatient rehab unit stays
