

Pfizer HSA Copay Preventive Drug List for 2024

All medications and vaccines considered **preventive by the Affordable Care Act (ACA)** are covered at 100% with no copay. Examples of these medications include fluoride treatments, smoking-cessation treatments, oral contraceptives, colonoscopy prep medications, and low-dose generic statins, as well as certain over-the-counter products indicated for specific age and risk factors.

The following includes medications considered preventive under the HSA Copay option. This means these medications are not subject to the HSA Copay annual deductible and, **if they are Pfizer medications with no generic available (as noted by *), they are covered at 100% with no cost.**

For more information, call CVS Caremark® at **1-866-804-5881**; representatives are available 24 hours a day, 7 days a week.
